Section 1 – Introduction

This directory provides a list of True West Rx 1 / True West Rx 2 / True West No Rx 3 / True West Rx 4 / True West Rx 5's network providers.

Use this provider directory to locate contracting True West Rx 1 / True West Rx 2 / True West No Rx 3 / True West Rx 4 / True West Rx 5 providers in your area.

The network providers listed in this directory have agreed to provide you with your health care and dental services. You may go to any of our network providers listed in this directory.

Our plan maintains appointment wait time standards for in-network primary care and behavioral health services. You can expect to receive an appointment within seven business days for non-emergency/non-urgent care that requires medical attention. You can expect to receive an appointment within 30 business days for routine services and preventive care.

Out-of-network providers are under no obligation to treat True West Rx 1 / True West Rx 2 / True West No Rx 3 / True West Rx 4 / True West Rx 5 enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service Department at 1-833-574-6031, **October 1 to March 31:** 8 a.m. to 8 p.m., seven days a week; **April 1 to September 30:** 8 a.m. to 8 p.m., Monday through Friday. TTY users should call 711. You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

If you receive a bill from an out-of-network provider, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. See your Evidence of Coverage for more on how to handle bills from out-of-network providers.

If you have a medical emergency, call 911 for help or go to the nearest emergency room or hospital. You may get covered emergency medical care whenever you need it, anywhere in the United States or its territories.

You can obtain urgently needed services from any qualified provider when out of the plan's service area or when network providers are unavailable. A service that requires immediate medical attention (but isn't an emergency) is an urgently needed service if you're either temporarily outside our plan's service area, or if it's unreasonable given your time, place, and circumstances to get this service from network providers. Examples of urgently needed services

are unforeseen medical illnesses and injuries, or unexpected flare-ups of existing conditions. However, medically necessary routine provider visits, such as annual checkups, aren't considered urgently needed even if you're outside our plan's service area or our plan network is temporarily unavailable.

For True West Rx 1 / True West Rx 2 / True West No Rx 3 / True West Rx 4 / True West Rx 5 members, with the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.
